Members Absent: Hector Fontela; Eric Montes de Oca; and William Hahne

Dear Honorable Mayor and City Commission:

On April 6th, the Transportation, Parking & Bicycle-Pedestrian Facilities (TPBPF) Committee met and held several discussions, for which the below motions were passed:

Alton Road Redesign Plans – Michigan Avenue to Chase Avenue

The Committee asks for the City Commission to request the County to delay the project until Alton south is completed.

Be a Hero & Save Lives, Road Safety – USA Refugees & Immigrants

The Committee supports this project.

Traffic Issues & Lack of Enforcement

The Committee strongly suggests for the City Commission and the Police Chief to add more officers to the traffic enforcement unit. The City should also have a specific traffic enforcement division with trained staff for South, Middle and North Beach.

As an advisory Committee, we would greatly appreciate your consideration on these motions.

Sincerely,

Transportation, Parking & Bicycle-Pedestrian Facilities Committee
